before us is to indefinitely bracket LB1052 on General File. Then, that was the motion. Now, Senator Duis has amended that motion that it just be placed at the bottom of General File.

SENATOR CARPENTER: Well, I want to amend it somewhere to indefinitely postpone it and get rid of it. That's what he wants to do anyway.

PRESIDENT: You can't do it now because it's not before us, Senator, that's the problem. At least that's the Chair's understanding of it.

SENATOR CARPENTER: Why can't it be before us?

PRESIDENT: Well, because we haven't finished the business we were debating this morning. The partisan Legislature issue was never finished and we can't go to General File until we finish the partisan Legislature which was bracketed for today. Here we are.

SENATOR CARPENTER: Let me give notice when we come back here on Monday morning. I'm going to move to indefinitely postpone it.

PRESIDENT: Okay. Please file your motion with the Clerk. All right, now, we have Senator Duis' motion which is to go to the bottom of General File. Do you support that amendment to the original motion? Actually you're voting on the whole thing. All those in favor of placing LB1052 at the bottom of General File, say aye. Those opposed say no. So ordered. Ayes have it and it is bracketed then, excuse me....not bracketed, it's at the bottom of General File. All right, what other business do we have?

CLERK: Mr. President, the Appropriations Committee will hold a session at 8:30 in the morning, Room 1003, signed, Senator Marvel. That's all, Mr. President.

PRESIDENT: Senator Frank Lewis, for what purpose did you want to be recognized?

SENATOR F. LEWIS: Mr. President, just a point of clarification. I did pull out the transcription on this particular bill.

PRESIDENT: Which bill?

SENATOR F. LEWIS: On LB1052 and I did just want to read this for informational purposes. Senator Kennedy said, "I would ask that this bill be introduced, that it sure be put on General File without a public hearing. I am sure there'll be no objections." I thought my memory was correct.

PRESIDENT: Senator Kennedy.

SENATOR KENNEDY: Yes, my...I think that's a true statement, Senator Frank Lewis, that I was sure there wouldn't be any objections and I'm sure there wasn't. The bill was on the bottom of General File where I asked to have it placed and I'm real pleased and I thank you and I'll try to bring the information back. And other than that, I'll apologize for all the time we took up. If I'd known in advance, I think we could have solved it. Thank you.
